ID FOOD Coffee Beans

Coffee Journey

<p>1 Planting</p> <p>Our Coffee Plantation in Mandailing Natal, Toba, Toraja, Aceh-Gayo, Wamena,</p> 	<p>2 Dried Process</p> <p>Freshly picked coffee beans are dried under the sun until they are brown in color.</p> 	<p>3 Milling Process</p> <p>Parchment coffee are processed in the following manner, Hulling, Polishing, Grading, and Sorting</p> 	<p>4 Exporting the Beans</p> <p>The milled beans, now referred to as green coffee, are loaded onto ships in either jute or sisal bags loaded in shipping containers, or bulk-shipped inside plastic-lined containers.</p> 	<p>5 Roasting Coffee</p> <p>Roasting transforms green coffee into the aromatic brown beans that we purchase in our favorite stores or cafés and becomes "COVARE"</p> 	<p>6 Retail Product</p> <p>We served our Coffeeshop called "COVARE" is same as our retail coffee brand. Covare Coffeeshop now available at PPI and Waskita Rajawali Tower</p>
